

Green Electricity Certificate

We hereby confirm that the company **Hügli Food s.r.o.**
secured its electricity consumption from 1/1/2024 to 31/12/2024
with green electricity produced by renewable electricity sources.

**The volume of secured emission-free electricity
during this period was 1700 MWh.**

This certificate is of an informative character only and independently, without additional guarantee of origin,
does not serve the customer as proof of green electricity consumption.
